

Graco Publishes Latest Environmental, Social and Governance Report

December 23, 2024

MINNEAPOLIS--(BUSINESS WIRE)--Dec. 23, 2024-- Graco Inc. (**NYSE:GGG**), a leading manufacturer of fluid handling equipment, released today its third environmental, social and governance (ESG) report. The report underscores Graco's commitment to transparency, accountability and continuous progress in product innovation, operational practices, workplace culture and community impact.

The report highlights information about Graco's introduction of an increasing number of electrically powered products. In addition, the company continues to support electric vehicle (EV) battery manufacturing, as well as work on precision dispense to decrease waste and reduce the release of volatile organic compounds (VOCs) into the environment.

The full 2023 ESG report is available on the company's website at www.graco.com.

ABOUT GRACO

Graco Inc. supplies technology and expertise for the management of fluids and coatings in both industrial and commercial applications. It designs, manufactures and markets systems and equipment to move, measure, control, dispense and spray fluid and powder materials. A recognized leader in its specialties, Minneapolis-based Graco serves customers around the world in the manufacturing, processing, construction, and maintenance industries.
