PROXY STATEMENT  
FOR ANNUAL MEETING OF SHAREHOLDERS  
TO BE HELD MAY 2, 2000

Your proxy, represented by the accompanying Proxy Card, is solicited by the Board of Directors of Graco Inc. ("Graco" or the "Company") in connection with the Annual Meeting of the Shareholders of the Company to be held on May 2, 2000, and any adjournments of that meeting.

The costs of the solicitation, including the cost of preparing and mailing the Notice of Meeting and this Proxy Statement, will be paid by the Company. Solicitation will be primarily by mailing this Proxy Statement to all shareholders entitled to vote at the meeting. Proxies may be solicited by officers of the Company personally, but at no compensation in addition to their regular compensation as officers. The Company may reimburse brokers, banks and others holding shares in their names for third parties, for the cost of forwarding proxy material to, and obtaining proxies from, third parties. The Proxy Statement and accompanying Proxy Card will be first mailed to shareholders on or about March 30, 2000.

Proxies may be revoked at any time prior to being voted by giving written notice of revocation to the Secretary of the Company. All properly executed proxies received by management will be voted in the manner set forth in this Proxy Statement or as otherwise specified by the shareholder giving the proxy.

Shares voted as abstentions on any matter (or a "withhold vote for" as to directors) will be counted as shares that are present and entitled to vote for purposes of determining the presence of a quorum at the meeting and as unvoted, although present and entitled to vote, for purposes of determining the approval of each matter as to which the shareholder has abstained. If a broker submits a proxy which indicates that the broker does not have discretionary authority as to certain shares to vote on one or more matters, those shares will be counted as shares that are present and entitled to vote for purposes of determining the presence of a quorum at the meeting, but will not be considered as present and entitled to vote with respect to such matters.

Only shareholders of record as of the close of business on March 3, 2000, may vote at the meeting or at any adjournment. As of that date, there were issued and outstanding 20,437,712 common shares of the Company, the only class of securities entitled to vote at the meeting. Each share registered to a shareholder of record is entitled to one vote. Cumulative voting is not permitted.

PROPOSAL 1

ELECTION OF DIRECTORS

NOMINEES AND OTHER DIRECTORS

The number of directors of the Company is currently set at 10 members, one of whom is an executive officer of the Company. The directors are divided into three classes as equal in number as reasonably possible. Vacancies that occur during a term may be filled by a majority vote of the directors then in office, though less than a quorum, and directors so chosen hold office for a term expiring at the next Annual Meeting of Shareholders. Board policy states that no director may continue to serve on the Board after the last day of the month of his/her seventieth (70th) birthday.

At the forthcoming Annual Meeting, four persons are to be elected to the Company's Board of Directors. The Board has nominated George Aristides, Ronald O. Baukol, Robert G. Bohn, and William J. Carroll for three-year terms expiring in the year 2003. Two nominees, George Aristides and Ronald O. Baukol, have previously been elected as directors of the Company by the shareholders.

Unless otherwise instructed not to vote for the election of directors, proxies will be voted to elect the nominees. A director candidate must receive the vote of a majority of the voting power of shares present in order to be elected. Unless the Board reduces the number of directors, the enclosed proxy will be voted to elect the replacement nominee designated by the Board in the event that a nominee is unable or unwilling to serve.

The following information is given as of March 3, 2000 with respect to the nominees for election and the six directors whose terms of office will continue after the Annual Meeting. #### EXECUTIVE COMPENSATION

##### Report of the Management Organization and Compensation Committee

##### Overview

The Management Organization and Compensation Committee of the Board of Directors (hereafter called "the Committee"), composed of five independent nonemployee directors, is responsible for developing the Company's philosophy on executive compensation. Consistent with this philosophy, the Committee develops compensation programs for the Chief Executive Officer and each of the other executive officers of the Company. On an annual basis, the Committee determines the compensation to be paid to the Chief Executive Officer and other executive officers, based on the provisions of the compensation plans.

Compensation plans which provide for grants or awards of Company stock to executive officers are approved by the Board of Directors and the shareholders of the Company. In 1993, the Internal Revenue Code ("the Code") was amended to include a deductibility limit for remuneration to certain executive officers [Section 162(m) of the Code]. Qualified performance-based compensation is not subject to this deductibility limit. In order to qualify grants of stock options and stock appreciation rights as performance-based compensation under Section 162(m), the Company's Long Term Stock Incentive Plan was amended to include an annual periodic per person aggregate limit of 300,000 shares of Company stock subject to award or grant. The Long Term Stock Incentive Plan meets the requirements of Section 162(m) in all respects.

In order to qualify annual incentive awards to the Chief Executive Officer and other executive officers as performance-based compensation under Section 162(m), the Company prepared an Executive Officer Annual Incentive Bonus Plan that was approved by the shareholders at the Annual Meeting of the Company on May 4, 1999. The Executive Officer Annual Incentive Bonus Plan meets the

requirements of Section 162(m) in all respects.

#### Executive Compensation Philosophy and Program

It is the Company's philosophy to set its executive compensation structure at levels which are competitive with those of durable goods manufacturers of comparable size. These levels are determined by consulting a variety of independent third-party executive compensation surveys. Executive compensation is then delivered through:

- o base salaries which recognize the experience and performance of individual executives;
- o aggressive, performance-driven incentives which:
  - enhance shareholder value,
  - balance annual and long-term corporate objectives; and
  - provide meaningful amounts of Company stock; and
- o competitive benefits.

The specific components of the executive compensation program are described below:

Base salary ranges are established by the Committee, using the fiftieth percentile salary and trend data for comparably-sized durable goods manufacturers, as published in a variety of independent third-party executive compensation surveys. The actual base salary of each officer, within the range, is determined by the executive's performance, which is evaluated annually by the Chief Executive Officer and reviewed and approved by the Committee. Both financial and management factors are considered in the evaluation.

The Executive Officer Annual Incentive Bonus Plan (the "Executive Bonus Plan") was available in 1999 to the Chief Executive Officer and any other executive officer designated by the Committee. The Committee is authorized to establish financial growth targets for each participant directly and specifically tied to one or more financial measures. On or before the 90th day of the Company's fiscal year, the Committee identifies the participants, establishes the Targeted Bonus Maximum Percentages for each participant, and establishes the applicable Financial Measures and the Company Performance Target(s) for each Financial Measure, as these terms are defined in the Executive Bonus Plan. At the close of the fiscal year, the Committee certifies whether or not the Company Performance Target(s) have been attained.

The Annual Bonus Plan covers key managers of the Company and executive officers who do not participate in the Executive Bonus Plan. The Annual Bonus Plan, available in 1999 to 14 executive officers and 36 other management employees, is structured to encourage growth in both sales and net earnings by the Company. The Plan determines individual awards for executive officers by measuring Company performance against corporate sales and net earnings growth targets established by the Committee in the first quarter of each year. Sales and net earnings targets for 1999 were established to exceed prior year results. In addition, the Chief Executive Officer has been given the authority to establish divisional and regional growth targets for the executive officers in charge of specific divisions and regions. Overall performance for the divisional and regional executives is measured against both divisional and corporate targets. Targets are set for minimum, midpoint and maximum payouts under the plan. In 1999, the Committee established a range of payouts as a percent of base salary for executive positions as follows:

Position	Minimum Payout as a % of Base Salary	Maximum Payout as a % of Base Salary
-----		
Chief Executive Officer	0%	80%
Vice President (Board-elected)	0%	60%
Vice President (By appointment)	0%	50%

The actual Annual Bonus Plan award is determined by evaluating corporate, divisional and regional performance against the established financial objectives. For 1999, sales results led to an award that was 12.4 percent of the maximum payout. Corporate net earnings results led to a maximum payout. Awards were made to all executive officers under the 1999 Annual Bonus Plan.

Under the Chairman's Award Program, the Chairman is also able to grant a total of \$100,000 in individual discretionary awards to recognize significant contributions by selected executive officers and other management employees. In 1999 a total of \$90,000 was granted to 11 employees, including an award of \$15,000 to Charles L. Rescorla and \$10,000 to Robert M. Mattison.

The Executive Long Term Incentive Program is structured to align the interests of executive officers with those of all Graco shareholders. The Long Term Incentive Program for 1999 consisted of stock options granted to the executive officers. The number of stock options granted to each executive officer was determined using competitive data for comparably-sized durable goods manufacturers, as reflected in independent third-party long-term incentive surveys. These options were non-incentive stock options with a 10-year duration and a vesting schedule of 25 percent after two years, with 25 percent additional vesting after years three, four and five.

Executive officers are eligible to participate in the employee benefit programs available to all Graco employees.

Compensation of the Chief Executive Officer

James A. Earnshaw was named President and Chief Executive Officer on March 1, 1999. Mr. Earnshaw's base salary of \$360,000 per year was established by the Committee using competitive salary survey data. These data were based on comparably sized durable goods manufacturing companies as published in independent third-party compensation surveys. As this was Mr. Earnshaw's initial year with the Company, his actual annual base salary was established in the lower half of the salary range for this position. This would enable the Committee to adjust his base salary in the future as warranted by Mr. Earnshaw's performance. Mr. Earnshaw earned an annual bonus for 1999 under the Annual Bonus Plan of \$187,416, which represents 62 percent of his annual base salary. The maximum payout as a percent of base salary for Mr. Earnshaw was 80 percent. The 1999 bonus award was based upon the growth in net sales and net earnings of the Company. Sales of \$442.5 million of 1999 represent a growth rate of 2.4 percent over sales in 1998. Net earnings of \$59.3 million in 1999 represent a growth rate of 25.5 percent over net earnings in 1998. Mr. Earnshaw resigned his positions as President and Chief Executive Officer and as a director effective December 31, 1999.

Mr. Aristides served as Chief Executive Officer of the Company until February 28, 1999 and Vice Chairman until December 29, 1999. The Committee, using competitive salary survey data, established Mr. Aristides' annualized base salary between January 1, 1999 and April 30, 1999 at \$460,000. These data were based on comparably sized durable goods manufacturing companies as published in independent third-party compensation surveys. For the period after May 1, 1999 the Committee established Mr. Aristides' annualized base salary at \$276,000, using competitive salary survey data as described above. Mr. Aristides earned a bonus for 1999 under the Executive Officer Annual Incentive Bonus Plan of \$182,001. The maximum payout as a percent of base salary for Mr. Aristides from January 1, 1999 to April 1999 was 80 percent. The maximum payout as a percent of base salary from May 1, 1999 to December 29, 1999 was 60 percent. The 1999 bonus award made to Mr. Aristides was based upon the growth in net sales and net earnings of the Company. Sales of \$442.5 million of 1999 represent a growth rate of 2.4 percent over sales in 1998. Net earnings of \$59.3 million in 1999 represent a growth rate of 25.5 percent over net earnings in 1998.

(1) Non-incentive stock options were granted on February 22, 1999, in the amounts shown on the table. The options may be exercised in equal installments over four years, beginning with the second anniversary date of the grant.

(2) The Black-Scholes option pricing model has been used to determine the grant date present value. Annual volatility was calculated using monthly returns for 36 months prior to the grant date; the interest rate was set using U.S. Treasury securities of similar duration to the option period as of the grant date; and dividend yield was established as the yield on the grant date. A 10 percent discount for nontransferability and a 3 percent discount to reflect the possibility of forfeiture over a two-year period were applied. For grants expiring on February 22, 2009, the assumptions used in the model were annual volatility of 43.31 percent, interest rate of 5.07 percent, dividend yield of 1.80 percent, and time to exercise of 10 years.

#### Aggregated Option Exercises In Last Fiscal Year And Fiscal Year-End Option Values

The following table shows the value of outstanding in-the-money options at the end of the fiscal year for the named executive officers.

(a)	(b)	(c)	(d)	(e)
Name	Shares Acquired on Exercise (#)	Value Realized (\$)	Number of Securities Underlying Unexercised Options at FY-End (#)	Value of Unexercised In-the-Money Options at FY-End (\$)

James A. Earnshaw	0	0	90,000/0	\$ 1,310,850/0
Charles L. Rescorla	0	0	16,425/15,875	\$443,626/190,734

Robert M. Mattison	0	0	13,729/17,057	\$342,271/222,876

(1) "Value realized" is the difference between the closing price of the Company's common stock on the day of exercise and the option price of the options multiplied by the number of shares received.

(2) "Value at fiscal year-end" is the difference between \$35.875, the closing

price of the Company's common stock on December 31, 1999, and the option price multiplied by the number of shares subject to option.

#### Change in Control and Termination Arrangements

Each of the executive officers listed in the Summary Compensation Table, and certain other key executives of the Company, have entered into a change of control agreement with the Company (singularly "Agreement"; collectively the "Agreements"). The change of control period is defined to extend for two years from the date the Agreement is executed. Each year this period is automatically extended for one year so as to terminate two years from the annual anniversary date of the Agreement, unless the Company gives the executive notice that the Company does not wish to extend this period.

A change of control is generally defined in the Agreements to have occurred if: (i) a person other than a trust person (as defined in the Agreement) acquires beneficial ownership of 25 percent or more of the Company's outstanding common stock, except acquisitions directly from the Company, by the Company, by a Company employee benefit plan, by the executive or a group of which he is a part, or by a person with beneficial ownership of shares under the Trust Under the Will of Clarissa L. Gray which equals or exceeds a certain percentage; or (ii) members of the Incumbent Board (as defined in the Agreement) cease to be in the majority on the Board; or (iii) the shareholders approve a reorganization, merger, consolidation or statutory exchange of the Company's outstanding common stock, or approve a sale or other disposition of all or substantially all of the assets of the Company; or (iv) the shareholders approve a complete liquidation or dissolution of the Company.

Each Agreement provides that for two years after a change of control there will be no adverse change in the executive's duties and responsibilities, compensation program, benefits or other circumstances, provided that nothing will restrict the right of the executive or the Company to terminate the employment of the executive. If the executive's employment is terminated by the Company for any reason other than for good cause, death, or disability, or by the executive for "good reason" (as defined in the Agreement), within two years following a change of control, the executive will be entitled to certain benefits. These benefits include a sum equivalent to the executive's base salary to the date of termination (to the extent not yet paid), a bonus calculated according to a formula (set forth in the Agreement) for the year in which the termination occurs, two times the executive's annual base salary, two times the midpoint between the maximum and minimum bonus for the fiscal year in which the termination occurs, and benefit coverage for a minimum of two years following the date of termination.

The payments to which the employee is entitled are subject to reduction in the event the payments would constitute a parachute payment within the meaning of Section 280G of the Internal Revenue Code of 1989, as amended, (the "Code") or any successor provision, provided that the reduction does not exceed \$25,000. If the reduction would exceed \$25,000, there will be no reduction and the Company will make an additional payment to the executive in an amount that will put the executive in the same after-tax position as if no excise tax under the Code had been imposed.

It is the practice of the Company to continue to provide base salary to selected executive officers whose employment is involuntarily terminated by the Company for a period of twelve months or until the officer secures other employment.

Effective December 31, 1999, Mr. Earnshaw resigned his positions as President and Chief Executive Officer and as a director. To fulfill the terms of Mr. Earnshaw's employment agreement with the Company, Mr. Earnshaw and the Company entered into a separation agreement under which Mr. Earnshaw was paid a lump sum of \$840,000 (two years base salary) and the stock options granted to Mr. Earnshaw on March 1, 1999 became immediately exercisable until June 30, 2000.

#### Retirement Arrangements

The Company has an employee retirement plan which provides pension benefits for eligible regular, full- and part-time employees. Benefits under the Graco Employee Retirement Plan ("Retirement Plan") consist of a fixed benefit which is designed to provide retirement income at age 65 of 43.5 percent of average monthly compensation, less 18 percent of Social Security-covered compensation (calculated in a life annuity option) for an employee with 30 years of service. Average monthly compensation is defined as the average of the five consecutive highest years' salary during the last ten years of service, including base salary, Executive Officer Annual Incentive Bonus Plan awards, and Annual Bonus Plan awards, but excluding Executive Long Term Incentive Program awards. Benefits under the Retirement Plan vest upon five years of benefit service.

Federal tax laws limit the annual benefits that may be paid from a tax-qualified plan such as the Retirement Plan. The Company has adopted an unfunded plan to provide benefits to retired executive officers impacted by the benefit limits, so that they will receive, in the aggregate, the benefits the executive would have been entitled to receive under the Retirement Plan had the limits imposed by the tax laws not been in effect. Effective January 1, 1999, the maximum annual pension payable to or on behalf of the executive under the unfunded plan will be equal to the difference between \$170,000 and the benefits actually payable under the Retirement Plan when the limits imposed by the tax laws are applied.

The following table shows the estimated aggregate annual benefits payable under the Graco Employee Retirement Plan and the unfunded plan for the earnings and years of service specified. The years of benefit service for the Chief Executive Officer and the executive officers listed in the Summary Compensation Table are: Mr. Aristides, 26 years; Mr. Rescorla, 11 years; Mr. King, 29 years; Mr. Johnson, 21 years; and Mr. Mattison, 7 years. Mr. Earnshaw did not vest under the terms of the Retirement Plan. A maximum of 30 years had previously been counted in the pension benefit calculation. For 1999 and subsequent years, the 30 year maximum has been eliminated.

Prior to December 31, 1996, the Company entered into deferred compensation agreements with selected executive officers, including certain named executives in the Summary Compensation Table. These agreements provide for the payment per year of \$10,000 in deferred compensation to the officer for ten years after retirement, or to a beneficiary in the event of death prior to the expiration of the ten year period. These agreements also include provisions for non-competition and the payment of \$5,000 per year in the event the officer becomes disabled prior to age 65. The \$5,000 per year disability payments cease upon the attainment of age 65. Deferred compensation agreements remain in effect for Mr. Mattison and Mr. Aristides.

#### Directors' Fees

During 1999, the Company paid each director, except directors who also served as officers, an annual retainer of \$15,000, plus a meeting fee of \$900 for each Board meeting and \$700 for each Committee meeting attended. Upon cessation of service, nonemployee directors who have served for five full years will receive quarterly payments for five years at a rate equal to the director's annual retainer in effect on the director's last day of service on the Board.

In 1994, shareholders approved a Nonemployee Director Stock Plan. Under this Plan, a nonemployee director may elect to receive all or part of the director's annual retainer in the form of shares of the Company's common stock instead of cash. In September 1997, the Plan was amended to create a deferred stock account alternative for the deferral of the annual retainer. This alternative provides for the crediting of shares of common stock to a deferred stock account held by a trustee in the name of the nonemployee director. Dividends paid on the common stock, held in the deferred accounts, will be credited to the accounts at the time of payment. In June 1999, the Plan was amended to allow nonemployee directors to defer all or part of the meeting fees as well as the annual retainer. Participating directors may elect to receive payment from their deferred stock account in a lump sum or installments. Payments, whether in a lump sum or by installments, shall be made in shares of common stock, plus cash in lieu of any fractional share. Seven directors have elected to defer all or part of their annual retainer and/or meeting fees into the deferred stock accounts established under this Plan.

In 1996, shareholders approved a Nonemployee Director Stock Option Plan. Under this Plan, nonemployee directors receive an initial option grant of 3,000 shares upon first appointment or election and an annual option grant of 2,250 shares on the date of the Company's Annual Shareholders Meeting. Options granted under the Plan are non-statutory, have a ten-year duration and may be exercised in equal installments over four years, beginning with the first anniversary date of the grant. The option exercise price is the fair market value on the date of grant.

#### Certain Business Relationships

Mr. Mitau, who has been a director of Graco since 1990, is Executive Vice President-Corporate Development, General Counsel and Secretary of U.S. Bancorp, a bank holding company. U.S. Bank National Association is the lead bank in a syndicate of ten banks with which the Company entered into a five-year \$190,000,000 reducing revolving credit facility. The July 2, 1998 repurchase of 5,800,000 shares of the Company's common stock from the Company's largest shareholder, the Trust under the Will of Clarissa L. Gray, was financed in part by an initial borrowing of \$158,000,000 under this credit facility, \$56,000,000 of which remained outstanding as of March 3, 2000. For further information see footnote F to the Company's financial statements in its Annual Report to shareholders for fiscal year 1999.

#### Section 16(a) Beneficial Ownership Reporting Compliance

The Company's executive officers, directors and 10 percent shareholders are required under the Securities Exchange Act of 1934 and regulations promulgated thereunder to file initial reports of ownership of the Company's securities and reports of changes in that ownership with the Securities and Exchange Commission. Copies of these reports must also be provided to the Company.

Based upon its review of the reports and any amendments made thereto furnished to the Company, or written representations that no reports were required, the Company believes that all reports were filed on a timely basis by reporting persons during and with respect to 1999, except for an inadvertent late filing by Jerald L. Scott who purchased 1,000 shares in March, 1999.

## PROPOSAL 2

### PROPOSAL TO ADOPT AN AMENDMENT TO THE COMPANY'S RESTATED ARTICLES OF INCORPORATION

On February 25, 2000, the Company's Board of Directors adopted a resolution deleting Article 3 from the Company's Restated Articles of Incorporation (the "Amendment"). The Amendment would leave the matters currently subject to Article 3 to regulation by various provisions of the Minnesota Business Corporation Act, Chapter 302A of the Minnesota Statutes (the "Act"). Shareholders must approve this Amendment to the Company's Restated Articles of Incorporation.

At present, Article 3 of the Company's Restated Articles of Incorporation limits the ability of the Company's Board of Directors (the "Board") to authorize any sale, lease or other transfer of all or substantially all of the property and assets of the Company without shareholder approval. Elimination of Article 3 would cause the provisions of Section 302A.661 of the Act to be applicable to Graco.

Subdivision 1 of Section 302A.661 of the Act permits the Board, without shareholder approval, to sell, lease, transfer or otherwise dispose of all or substantially all of the Company's property and assets only in the usual and regular course of the Company's business, and also permits the transfer of all or substantially all of the Company's property and assets to a wholly-owned subsidiary of the Company.

The proposed Amendment would permit action by the Board of Directors under Subdivision 1 of Section 302A.661. Shareholder approval would still be required for the transfer of all or substantially all of the Company's property and assets other than those allowed by Subdivision 1. Subdivision 2 of Section 302A.661 specifically requires shareholder approval of any sale, lease, transfer or other disposal of all or substantially all of the Company's property and assets that is not in the usual and regular course of the Company's business. In addition, Article 6 of the Company's Restated Articles of Incorporation would still require a two-thirds affirmative vote by the Company's shareholders to approve certain mergers, sales of assets and similar transactions with a shareholder owning 15% or more of the company's outstanding stock. Business combinations involving the Company and an interested shareholder must satisfy certain minimum price terms unless approved by either a majority of the directors who are unaffiliated with the interested shareholder or two-thirds of the voting power of the Company's outstanding stock. The Amendment would not affect the provisions of Article 6.

The Board believes that the proposed Amendment would give the Board greater flexibility in the management of the Company's business and financial affairs. Without the full authority permitted in Section 302A.661 of the Act, the Board is restricted in its ability to deal with certain situations that may present themselves to the Company. The Amendment would enable the Board to act when prompt action would be desirable. For example, the Board might wish to create a business structure involving the transfer of all or substantially all of the Company's property to wholly-owned subsidiaries to enhance the Company's overall financial, commercial or tax position.

On February 25, 2000, the Board of Directors authorized the creation of a wholly-owned subsidiary of Graco Inc. under Minnesota law. In the event that shareholders approve the Amendment at the Company's Annual Meeting on May 2, 2000, it is the intent of the Board to transfer a large portion of the assets and property of the Company to this wholly-owned subsidiary. As consideration for the transfer, the subsidiary will issue stock to Graco Inc. In light of the recent expansion of the Company's distribution channels and with the prospect of increased business activity in all states, the Board has determined that a restructuring as indicated would optimize the Company's commercial position and augment its tax planning opportunities.

#### VOTE REQUIRED

The affirmative vote of the holders of a majority of the shares of common stock present and entitled to vote at the Annual Meeting of Shareholders is required to approve the Amendment to delete Article 3 from the Company's Restated Articles of Incorporation.

The Board of Directors recommends a vote FOR the approval of the Amendment to delete Article 3 as being in the best interests of the Company and its shareholders.

### PROPOSAL 3

#### PROPOSAL TO RATIFY THE APPOINTMENT OF INDEPENDENT PUBLIC AUDITORS

Deloitte & Touche LLP has acted as independent auditors for the Company since 1962. The Board of Directors recommends ratification of the selection of Deloitte & Touche LLP as independent auditors for the current year. If the shareholders do not ratify the selection of Deloitte & Touche LLP, the selection of the independent auditors will be reconsidered by the Board of Directors. A representative of Deloitte & Touche LLP will be present at the meeting and will have the opportunity to make a statement if so desired and be available to respond to any shareholder questions.

#### OTHER MATTERS

The Board of Directors is not aware of any matter, other than those stated above, which will or may properly be presented for action at the meeting. If any other matters properly come before the meeting, it is the intention of the persons named in the enclosed form of proxy to vote the shares represented by such proxies in accordance with their best judgment.

#### SHAREHOLDER PROPOSALS

The Company did not receive a request from any shareholder that a matter be submitted to a vote at the 2000 Annual Meeting. Any shareholder wishing to have a matter considered for inclusion in the proxy statement for the Annual Meeting in the year 2001 must submit such proposal in writing to the Secretary of the Company at the address shown on page 1 of this statement no later than December 1, 2000.

The persons named as proxies intend to exercise their discretionary authority to vote as they deem in the best interests of the Company on any shareholder proposal submitted at the Annual Meeting in year 2001 if the Company has not received advance written notice of the matter from the proponent by February 2, 2001.
